## Cover Letter

Dear Members of the Hiring Committee,

I am currently an Associate Research Scholar & Lecturer at Princeton and would like to apply for the position of Postdoctoral Research Associate — Microeconomic Theory. I was advised to do so by Professor Ortoleva.

I attach the following:

- my CV
- my research statement
- the most recent WP “[Decomposable stochastic choice](#)” about model selection for inherent stochasticity in individual choice behavior

You can find all my papers and other materials on my website: <https://fedors.info>

My reference letter writers are:

- Omer Tamuz (Caltech), [tamuz@caltech.edu](mailto:tamuz@caltech.edu)
- Federico Echenique (UC Berkeley), [fede@econ.berkeley.edu](mailto:fede@econ.berkeley.edu)
- Herve Moulin (University of Glasgow), [herve.moulin@glasgow.ac.uk](mailto:herve.moulin@glasgow.ac.uk)

Thank you for your consideration.

Sincerely yours,  
Fedor.
